

Mid-Con Energy Partners, LP Announces Quarterly Cash Distribution and Schedules First Quarter 2012 Earnings Conference Call

DALLAS, April 26, 2012 (GLOBE NEWSWIRE) -- Mid-Con Energy Partners, LP (Nasdaq:MCEP) ("Mid-Con Energy") announced today that its general partner has approved a cash distribution of \$0.475 per unit for the quarter ended March 31, 2012, or \$1.90 per unit on an annualized basis. The distribution will be payable May 14, 2012 to all unitholders of record at the close of business on May 7, 2012.

Additionally, Mid-Con Energy announced today that first quarter 2012 results will be released after the market closes on Tuesday, May 8, 2012.

Management will host a conference call on Wednesday, May 9, 2012 at 10:00 a.m. EDT (9:00 a.m. CDT). Interested parties are invited to participate via telephone by dialing 1-877-847-5946 (Conference ID: 74672565) at least five minutes prior to the scheduled start time of the call, or via webcast through the investor relations section of the Mid-Con Energy website at <http://www.midconenergypartners.com>.

A telephonic replay of the conference call will be available through May 16, 2012 by dialing 1-855-859-2056 (Conference ID: 74672565). Also, a webcast archive will be made available at <http://www.midconenergypartners.com>.

About Mid-Con Energy Partners, LP

Mid-Con Energy is a Delaware limited partnership formed in July 2011 to own, operate, acquire, exploit and develop producing oil and natural gas properties in North America, with a focus on the Mid-Continent region of the United States. Mid-Con Energy's core areas of operation are located in Southern Oklahoma, Northeastern Oklahoma and parts of Oklahoma and Colorado within the Hugoton Basin.

Forward-Looking Statements

This press release includes "forward-looking statements" — that is, statements related to future, not past, events within meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities and Exchange Act of 1934, as amended. Forward-looking statements are based on current expectations and include any statement that does not directly relate to a current or historical fact. In this context, forward-looking statements often address expected future business and financial performance, and often contain words such as "anticipate," "believe," "estimate," "intend," "expect," "plan," "project," "should," "goal," "forecast," "guidance," "could," "may," "continue," "might," "potential," "scheduled," or "will" or other similar words. These forward-looking statements involve certain risks and uncertainties and ultimately may not prove to be accurate. Actual results and future events could differ materially from those anticipated in such statements. For further discussion of risks and uncertainties, you should refer to Mid-Con Energy's filings with the Securities and Exchange Commission available at <http://www.midconenergypartners.com> or <http://www.sec.gov>. Mid-Con Energy undertakes no obligation and does not intend to update these forward-looking statements to reflect events or circumstances occurring after this press release. We make these forward-looking statements in reliance on the safe harbor protections provided under the Private Securities Litigation Reform Act of 1995. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this press release. All forward-looking statements are qualified in their entirety by this cautionary statement and other SEC filings.

These forward—looking statements are subject to a number of risks and uncertainties, many of which are beyond our control, which may include statements about our:

- business strategies;
- ability to replace the reserves we produce through acquisitions and the development of our properties;
- oil and natural gas reserves;
- technology;
- realized oil and natural gas prices;
- production volumes;

- lease operating expenses;
- general and administrative expenses;
- future operating results;
- cash flow and liquidity;
- availability of production equipment;
- availability of oil field labor;
- capital expenditures;
- availability and terms of capital;
- marketing of oil and natural gas;
- general economic conditions;
- competition in the oil and natural gas industry;
- effectiveness of risk management activities;
- environmental liabilities;
- counterparty credit risk;
- governmental regulation and taxation;
- developments in oil producing and natural gas producing countries; and
- plans, objectives, expectations and intentions.
