

Mid-Con Energy Partners, LP Announces Pricing of Public Offering of Common Units

DALLAS, November 11, 2014 - Mid-Con Energy Partners, LP (NASDAQ: MCEP) ("Mid-Con Energy" or the "Partnership") announces that it has priced 5,800,000 common units representing limited partner interests in the Partnership ("common units") at an offering price to the public of \$17.27 per common unit in an underwritten public offering pursuant to an effective shelf registration statement on Form S-3 previously filed with the Securities and Exchange Commission (the "SEC"). The underwriters have been granted a 30-day option to purchase up to an additional 870,000 common units. The offering is expected to close on November 14, 2014, subject to customary closing conditions.

Mid-Con Energy intends to use the net proceeds of this offering to fund a portion of the purchase price of its previously announced pending acquisition of the Eastern Shelf properties in the Permian Basin in West Texas. To the extent that the underwriters' exercise their option to purchase additional common units, Mid-Con Energy will use any additional proceeds to fund a portion of the purchase price for the pending Eastern Shelf properties acquisition unless the acquisition has closed prior to such exercise, in which case Mid-Con Energy will use any such additional proceeds to repay indebtedness outstanding under its credit facility. In the event that the acquisition of the Eastern Shelf properties does not close, Mid-Con Energy would use the net proceeds of the offering and any exercise by the underwriters of their option to purchase additional common units to repay debt outstanding under its credit facility and for general partnership purposes.

ABOUT MID-CON ENERGY PARTNERS, LP

Mid-Con Energy is a publicly held Delaware limited partnership formed in July 2011 to own, operate, acquire, exploit and develop producing oil and natural gas properties in North America, with a focus on enhanced oil recovery. Mid-Con Energy's core areas of operation are located in Southern Oklahoma, Northeastern Oklahoma, the Gulf Coast and the Hugoton.

FORWARD-LOOKING STATEMENTS

This press release includes "forward-looking statements" — that is, statements related to future, not past, events within meaning of the federal securities laws. Forward-looking statements are based on current expectations and include any statement that does not directly relate to a current or historical fact. In this context, forward-looking statements often address expected future business and financial performance, and often contain words such as "anticipate," "believe," "estimate," "intend," "expect," "plan," "project," "should," "goal," "forecast," "guidance," "could," "may," "continue," "might," "potential," "scheduled," or "will" or other similar words. These forward-looking statements involve certain risks and uncertainties and ultimately may not prove to be accurate. Actual results and future events could differ materially from those anticipated in such statements. For further discussion of risks and uncertainties, you should refer to Mid-Con Energy's filings with the SEC. Mid-Con Energy undertakes no obligation and does not intend to update these forward-looking statements to reflect events or circumstances occurring after this press release. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this press release. All forward-looking statements are qualified in their entirety by this cautionary statement and our SEC filings. Please see the risks and uncertainties detailed in the "Forward-Looking Statements" of our public filings.
